

PAY IT FORWARD FOR SLF – AN INITIATIVE OF MISS NETHERLANDS

Dear friend,

Did you ever see the movie *Pay it forward*? It's a great movie about a boy that wants to make the world a better place by doing a good deed for 3 people, who each have to do a good deed in return. Not for him, but for 3 other people and those (then 9) have to do the same again. It works like a chain reaction; each helped person pays it forward to 3 others. I love this movie. It shows how together we can do great things in the name of good.

My name is Sheryl Lynn Baas, Miss Netherlands 2006-2007, and I want to ask you to pay it forward. It concerns a very simple deed, namely 1 phone call of several seconds. The proceeds of this phone call will be donated to a poor village in the mountains of the Philippines in need of an elementary school. Then forward this email to 3 other people, who did not read this yet and might want to support me too.

Your donation and effort to forward this email will help the Sheryl Lynn Foundation realize its latest project for this village, named Hitoog. Not all children there can go to school, because of lack of space. The current school building is also in a very poor state.

These are the elementary schools we know:

This is Hitoog Elementary School:

These are the class rooms we know:

This is the class room of Hitoog Elementary School:

Because of the lack of space the school utilized the schools outside stage as an additional class room and built a temporary roof over it to stay dry. School children are even cramped in the back side of the stage, in pairs behind each other without proper tables.

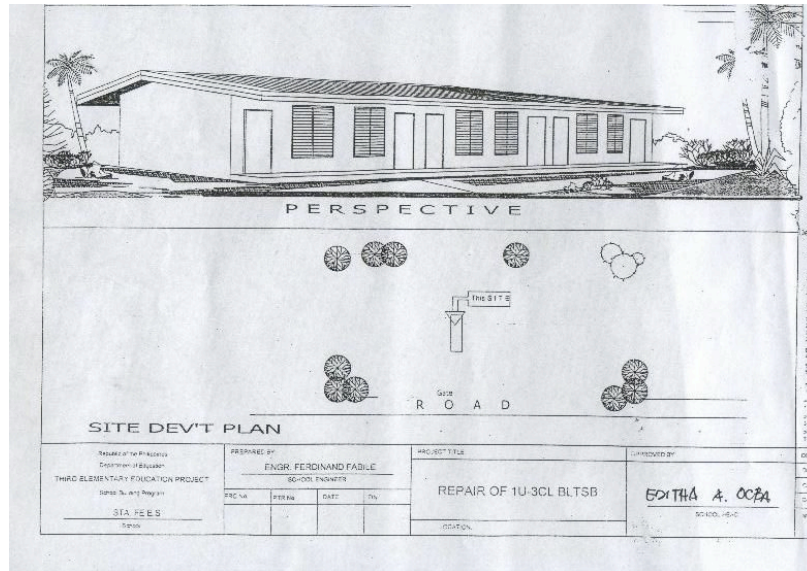

Front side

Back side

Of course it's true I shouldn't compare the two, but I couldn't help to. Even compared to other Filipino elementary schools, this school desperately needs an upgrade and all the Hitoog children should be entitled to a fair chance of education in a proper building.

So please help me to build this proper school building in Hitoog with 3 class rooms!

Call 0900-HELP ONS (0900-4357667) and after the beep dial the **code 1820** to donate €1.30 to SLF. Then **forward this to 3 other people** who haven't read this yet and would be willing to make the phone call too. For more information on the phone call visit <http://www.0900helppons.nl/goeddoel.php?id=1820>. It's a relatively small donation, but I believe that all our calls together can make this possible.

1 Euro and 30 cents, more I do not ask of you. Please make this simple phone call today and find those 3 friends that will do the same. My sincere gratitude goes out to all of you. On www.sheryllynnfoundation.org you can find everything on SLF and keep track of the amount of phone calls so far! Thanks again, even for just reading this! ☺

Love, Sheryl

Tip: To make this campaign more effective, please remove "FW:" in the subject when forwarding. Thank you!
